Asimco Horns: Go Ahead, Be Loud

The no-compromise way to get ahead
Choose from a wide selection of Asimco horns, each offers a different tone to suit your needs. This ranges from the harmonious tone of the trumpet horns, to the powerful blast of the super tone horns, to the rich tone of the disc horns.

Features and Benefits
- Exclusive designs
- Superior quality
- Compact sizes
- Extensive warranty coverage

Complete with sturdy brackets, these horns are designed for all vehicle models so that they can be conveniently mounted, internally or externally. Additionally, Asimco Horns are tested under rigorous operating conditions, including vibration and corrosion-resistance testing, continuous blast testing, endurance, dust, water and dampness testing, temperature and stability testing, etc. Little wonder it is easier to get heard and get ahead on city roads and highways, with Horns from Asimco.

Disc horn from Asimco: Strongest compared to competitors
- Solid mechanical construction for greater durability
- Wide range of mounting & angle options
- Micro-porous Teflon filter for pressure compensation
- Weather, impact and corrosion resistant
