Car and commercial vehicle · Voitures et véhicules utilitaires
Otomobil ve Ticari Araç · للسيارات والشاحنات التجارية

MADE IN EUROPE / صنع في أوروبا

asimco®

PLUS

EN

- **Made in Europe** – European manufacturing in line with the highest quality standards
- **AGM Technology** – Ready for Start-Stop vehicles with regenerative breaking and high energy demands
- **Long Life** – Optimized grid design for long battery life
- **Heat durable** – Heat resistant battery design built for demanding conditions
- **Ready to use** – Delivered filled and charged

TR

- **Avrupa'da üretilmiştir** – En yüksek kalite standartlarına uygun olarak Avrupa'da üretilmiştir
- **AGM Teknolojisi** – Enerji tasarruflu frenleme ve yüksek enerji ihtiyaçlarına sahip Start-Stop özellikli araçlar için geliştirilmiştir
- **Uzun ömür** – Uzun bir akü ömrü için en iyi şekilde geliştirilmiş ızgara tasarımına sahiptir.
- **Isıya dayanıklı** – Zorlu koşullar için tasarlanmış ısıya dayanıklı akülerdir
- **Kullanıma hazır** – Dolu ve şarj edilmiş olarak teslim edilmektedir

FR

- **Fabriquée en Europe** – Fabrication en Europe dans le respect des normes de qualité les plus strictes
- **Technologie AGM** – Adaptée aux véhicules Start-Stop avec récupération d'énergie au freinage et demandes électriques élevées
- **Longue durée de vie** – Design de grille optimisée pour une longue durée de vie de la batterie
- **Résiste à la chaleur** – Design de batterie résistante à la chaleur, adaptée aux conditions exigeantes
- **Prête à l'emploi** – Fournie remplie et chargée

AR

- **صنع في أوروبا** – تصنيع أوروبي يتماشى مع أعلى معايير الجودة
- **تقنية AGM** – للسيارات المجهزة بنظام التشغيل-التوقف المتكرر مع خاصية الكبح المتجدد وذات المتطلبات الكثيفة للطاقة.
- **عمر طويل** – تصميم معدل للشبكة لإطالة عمر البطارية
- **تتحمل الحرارة** – تصميم البطارية مقاوم للحرارة لتحمُّل ظروف العمل الشاقة
- **جاهزة للاستخدام** – يتم توريدها معبئة ومشحونة

asimco®

PLUS

EN

- **Made in Europe** – European manufacturing in line with the highest quality standards
- **CA 100 Technology** – Long life performance through Calcium alloy
- **Labyrinth lid technology** – Extremely save though unique labyrinth lid, flame arrestors and special caps
- **Best cold start performance** – Best cold start performance for large engines
- **Ready to use** – Delivered filled and charged

TR

- **Avrupa'da üretilmiştir** – En yüksek kalite standartlarına uygun olarak Avrupa'da üretilmiştir
- **CA 100 Teknolojisi** – Uzun ömürlü performans sağlayan kalsiyum alaşımlıdır
- **Labirent kapak teknolojisi** – Özel labirent kapağı, alev tutucuları ve özel başlıklarıyla son derece güvenlidir.
- **Maksimum Soğuk Marş** – Büyük motorlu araçlar için maksimum soğuk marş sağlamaktadır
- **Kullanıma hazır** – Dolu ve şarj edilmiş olarak teslim edilmektedir

FR

- **Fabriquée en Europe** – Fabrication en Europe dans le respect des normes de qualité les plus strictes
- **Technologie CA 100** – Performances durables grâce à l'alliage calcium
- **Technologie de couvercle labyrinthe** – Extrêmement sûre grâce au couvercle labyrinthe unique, aux pare-flammes et aux bouchons spécifiques
- **Les meilleures performances de démarrage à froid** – Les meilleures performances de démarrage à froid pour les gros moteurs
- **Prête à l'emploi** – Fournie remplie et chargée

AR

- **صنع في أوروبا** – تصنيع أوروبي يتماشى مع أعلى معايير الجودة
- **تقنية CA 100** – سبيكة كالسيوم تضمن أداء طويل العمر
- **تقنية الغطاء الشبكي** – منتهى الأمان بسب الغطاء الشبكي المتميز، وواقيات الاشتعال، والأغطية الخاصة
- **أفضل أداء لبدء التشغيل على البارد** – أفضل أداء لبدء التشغيل على البارد للمحركات الكبيرة
- **جاهزة للاستخدام** – يتم توريدها معبئة ومشحونة
